

PRADO

The joy of discovering a new wine is a big part of the dining experience.

We have selected some beautiful wines to pair with the Prado food experience. The list is varied with plenty of choice. These wines were carefully chosen to represent an extensive selection of grape varieties, regions and climates.

Our wines are listed by style, as we feel this is the best way to discover different tastes that may have been overlooked. We hope you enjoy our collection as much as we did when we were 'working' on the Prado list.

Cheers!
